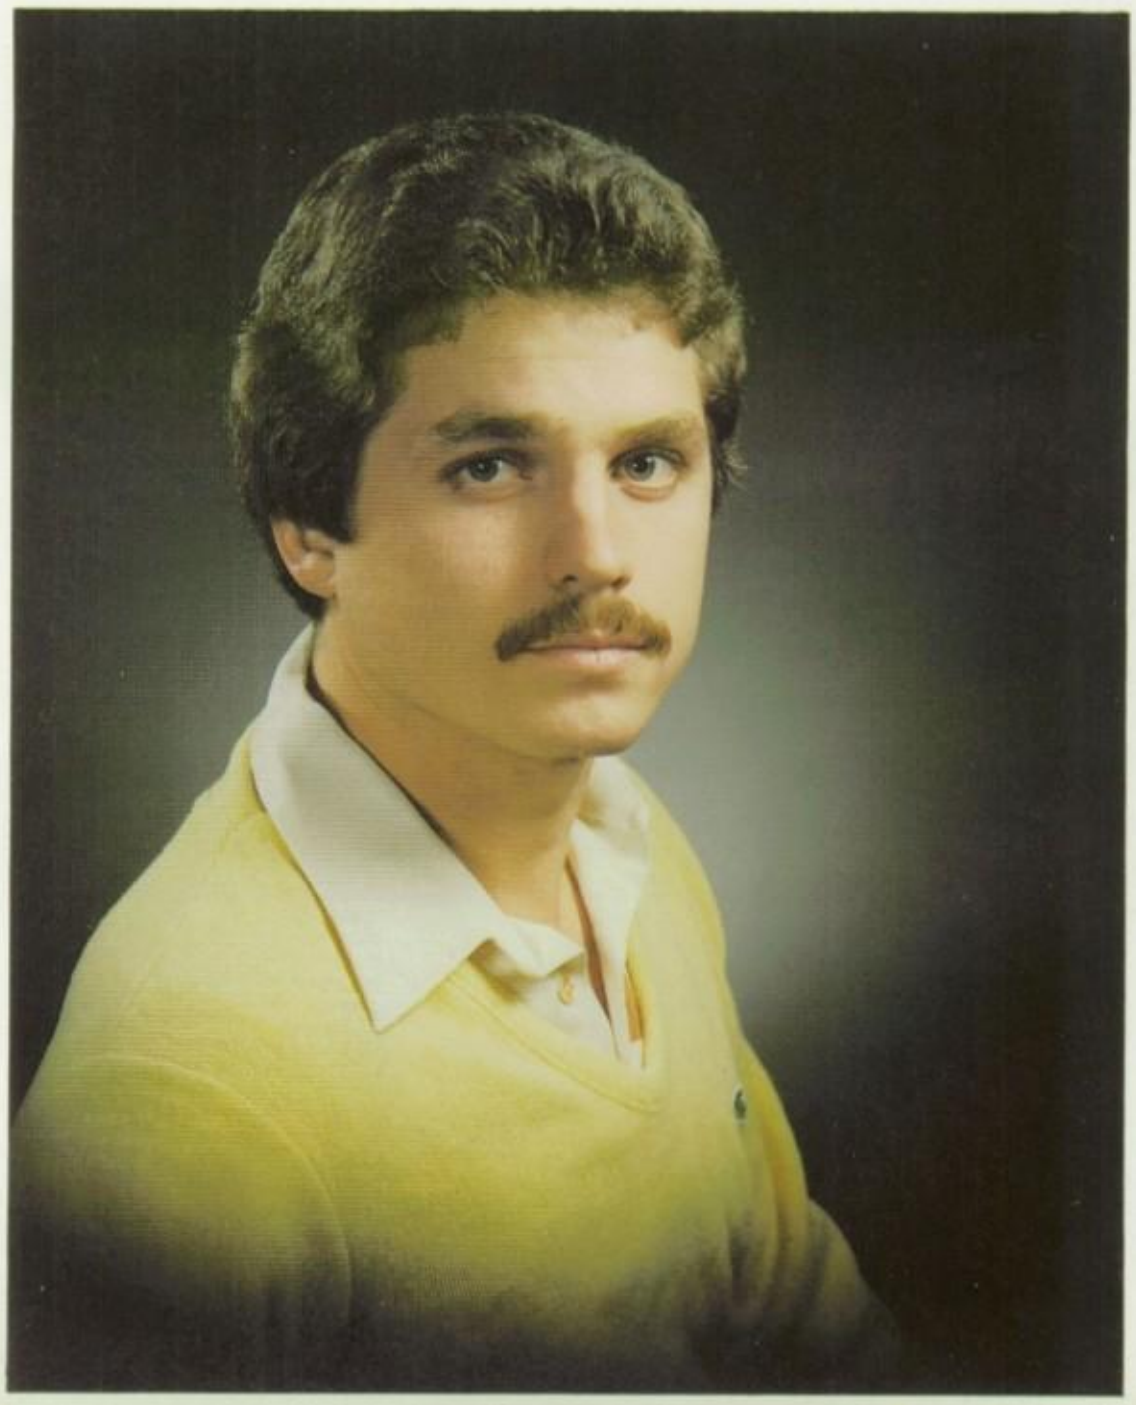
When we entered the doors of St. Mary's for the first time, we entered with open minds and open hearts. During our four years, we've grown to love and respect the members of our faculty, first of all for the things they have taught us, but more importantly for the kindness they have shown us. We are eternally grateful for the sharing that has been such an important part of our education, sharing of knowledge and sharing of self.

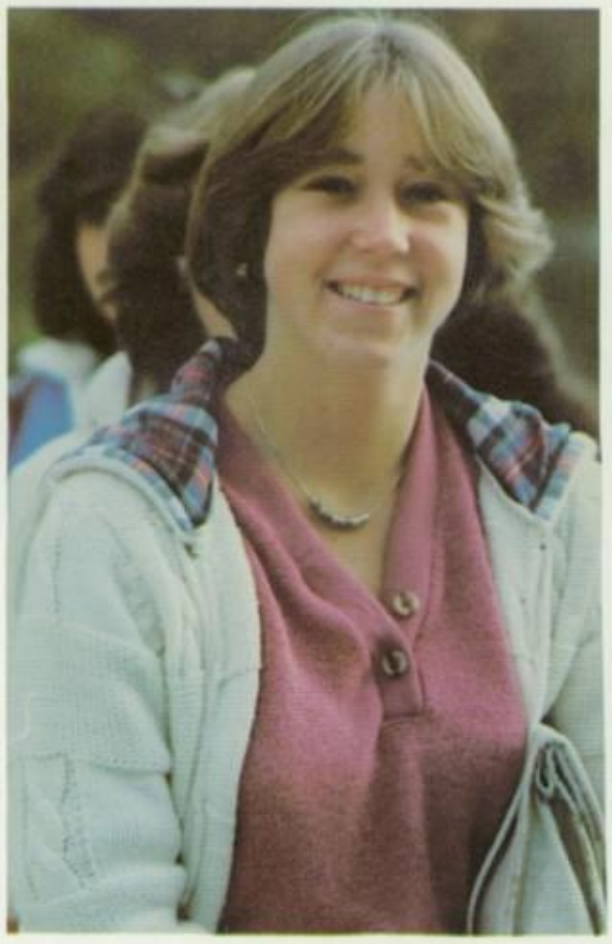
Among these dedicated individuals we found two very special friends, friends who have guided and helped us. They are friends who shared with us our rough times and rejoiced with us when times were good. They always gave of their time when we needed them and because of the friendship we shared with them we are better people today.

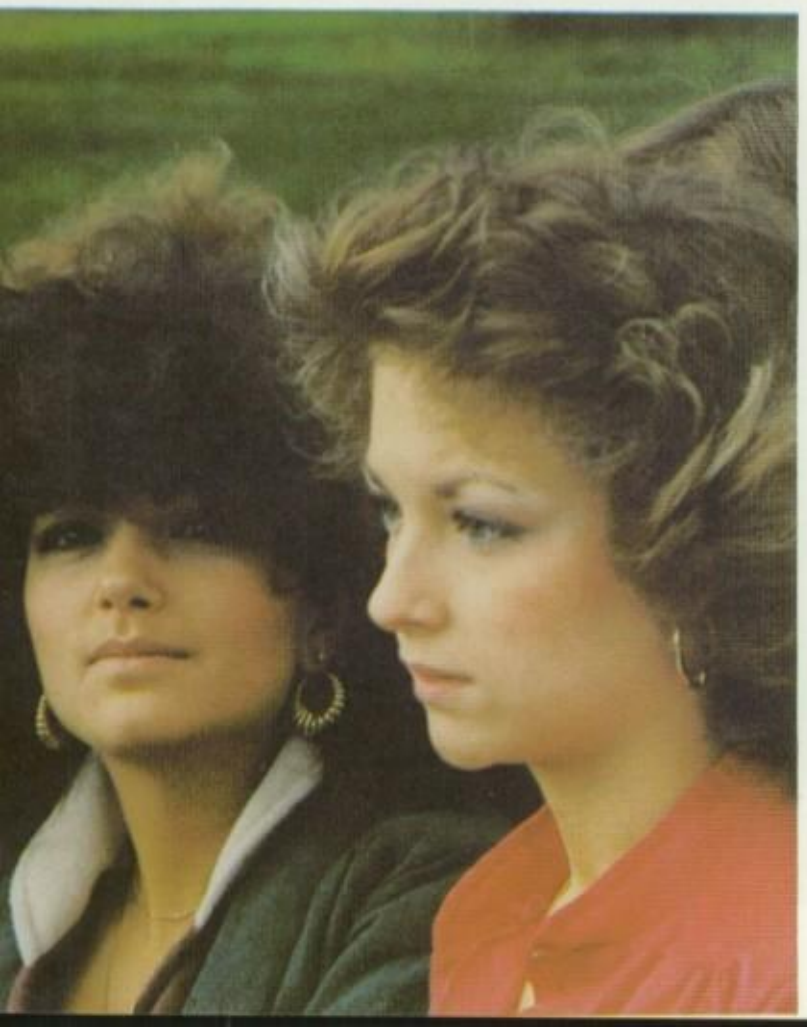
For these and for so many other unspoken reasons, we, the Senior Class of 1980, dedicate our yearbook, with all our love and gratitude to Sr. Rose and Mr. Monast.

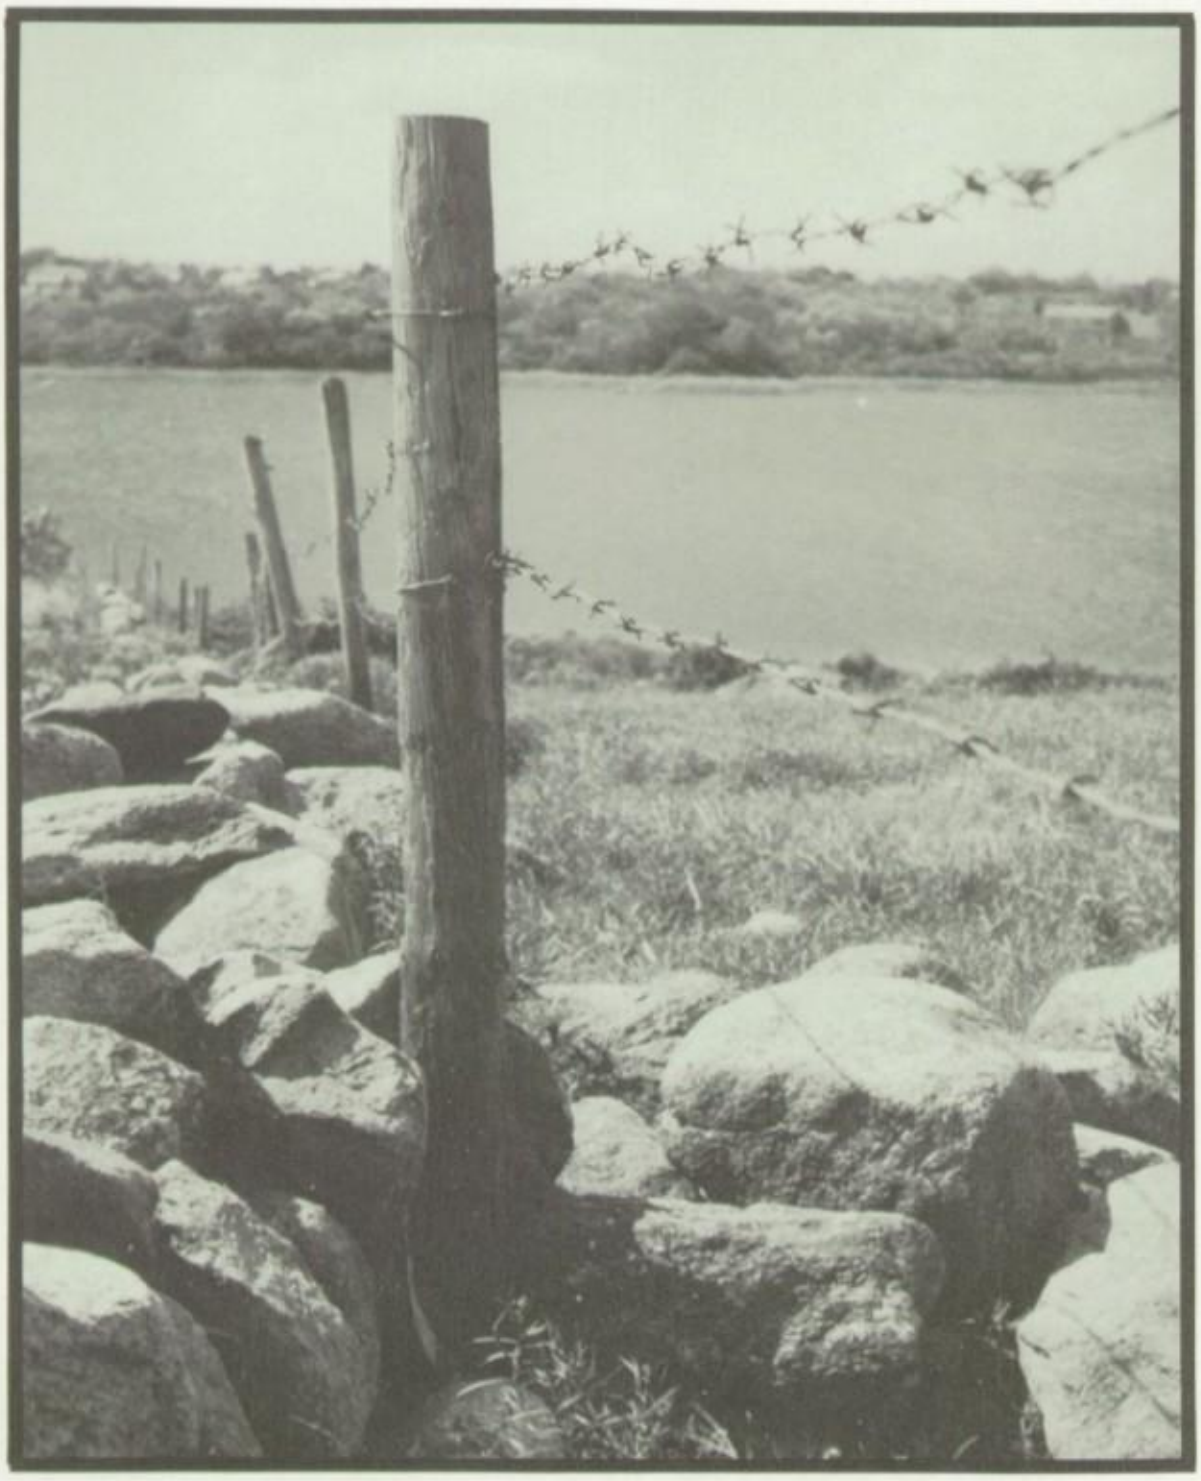
Much love and happiness always,
Your Seniors

DEDICATION









Thoughts on Friendship

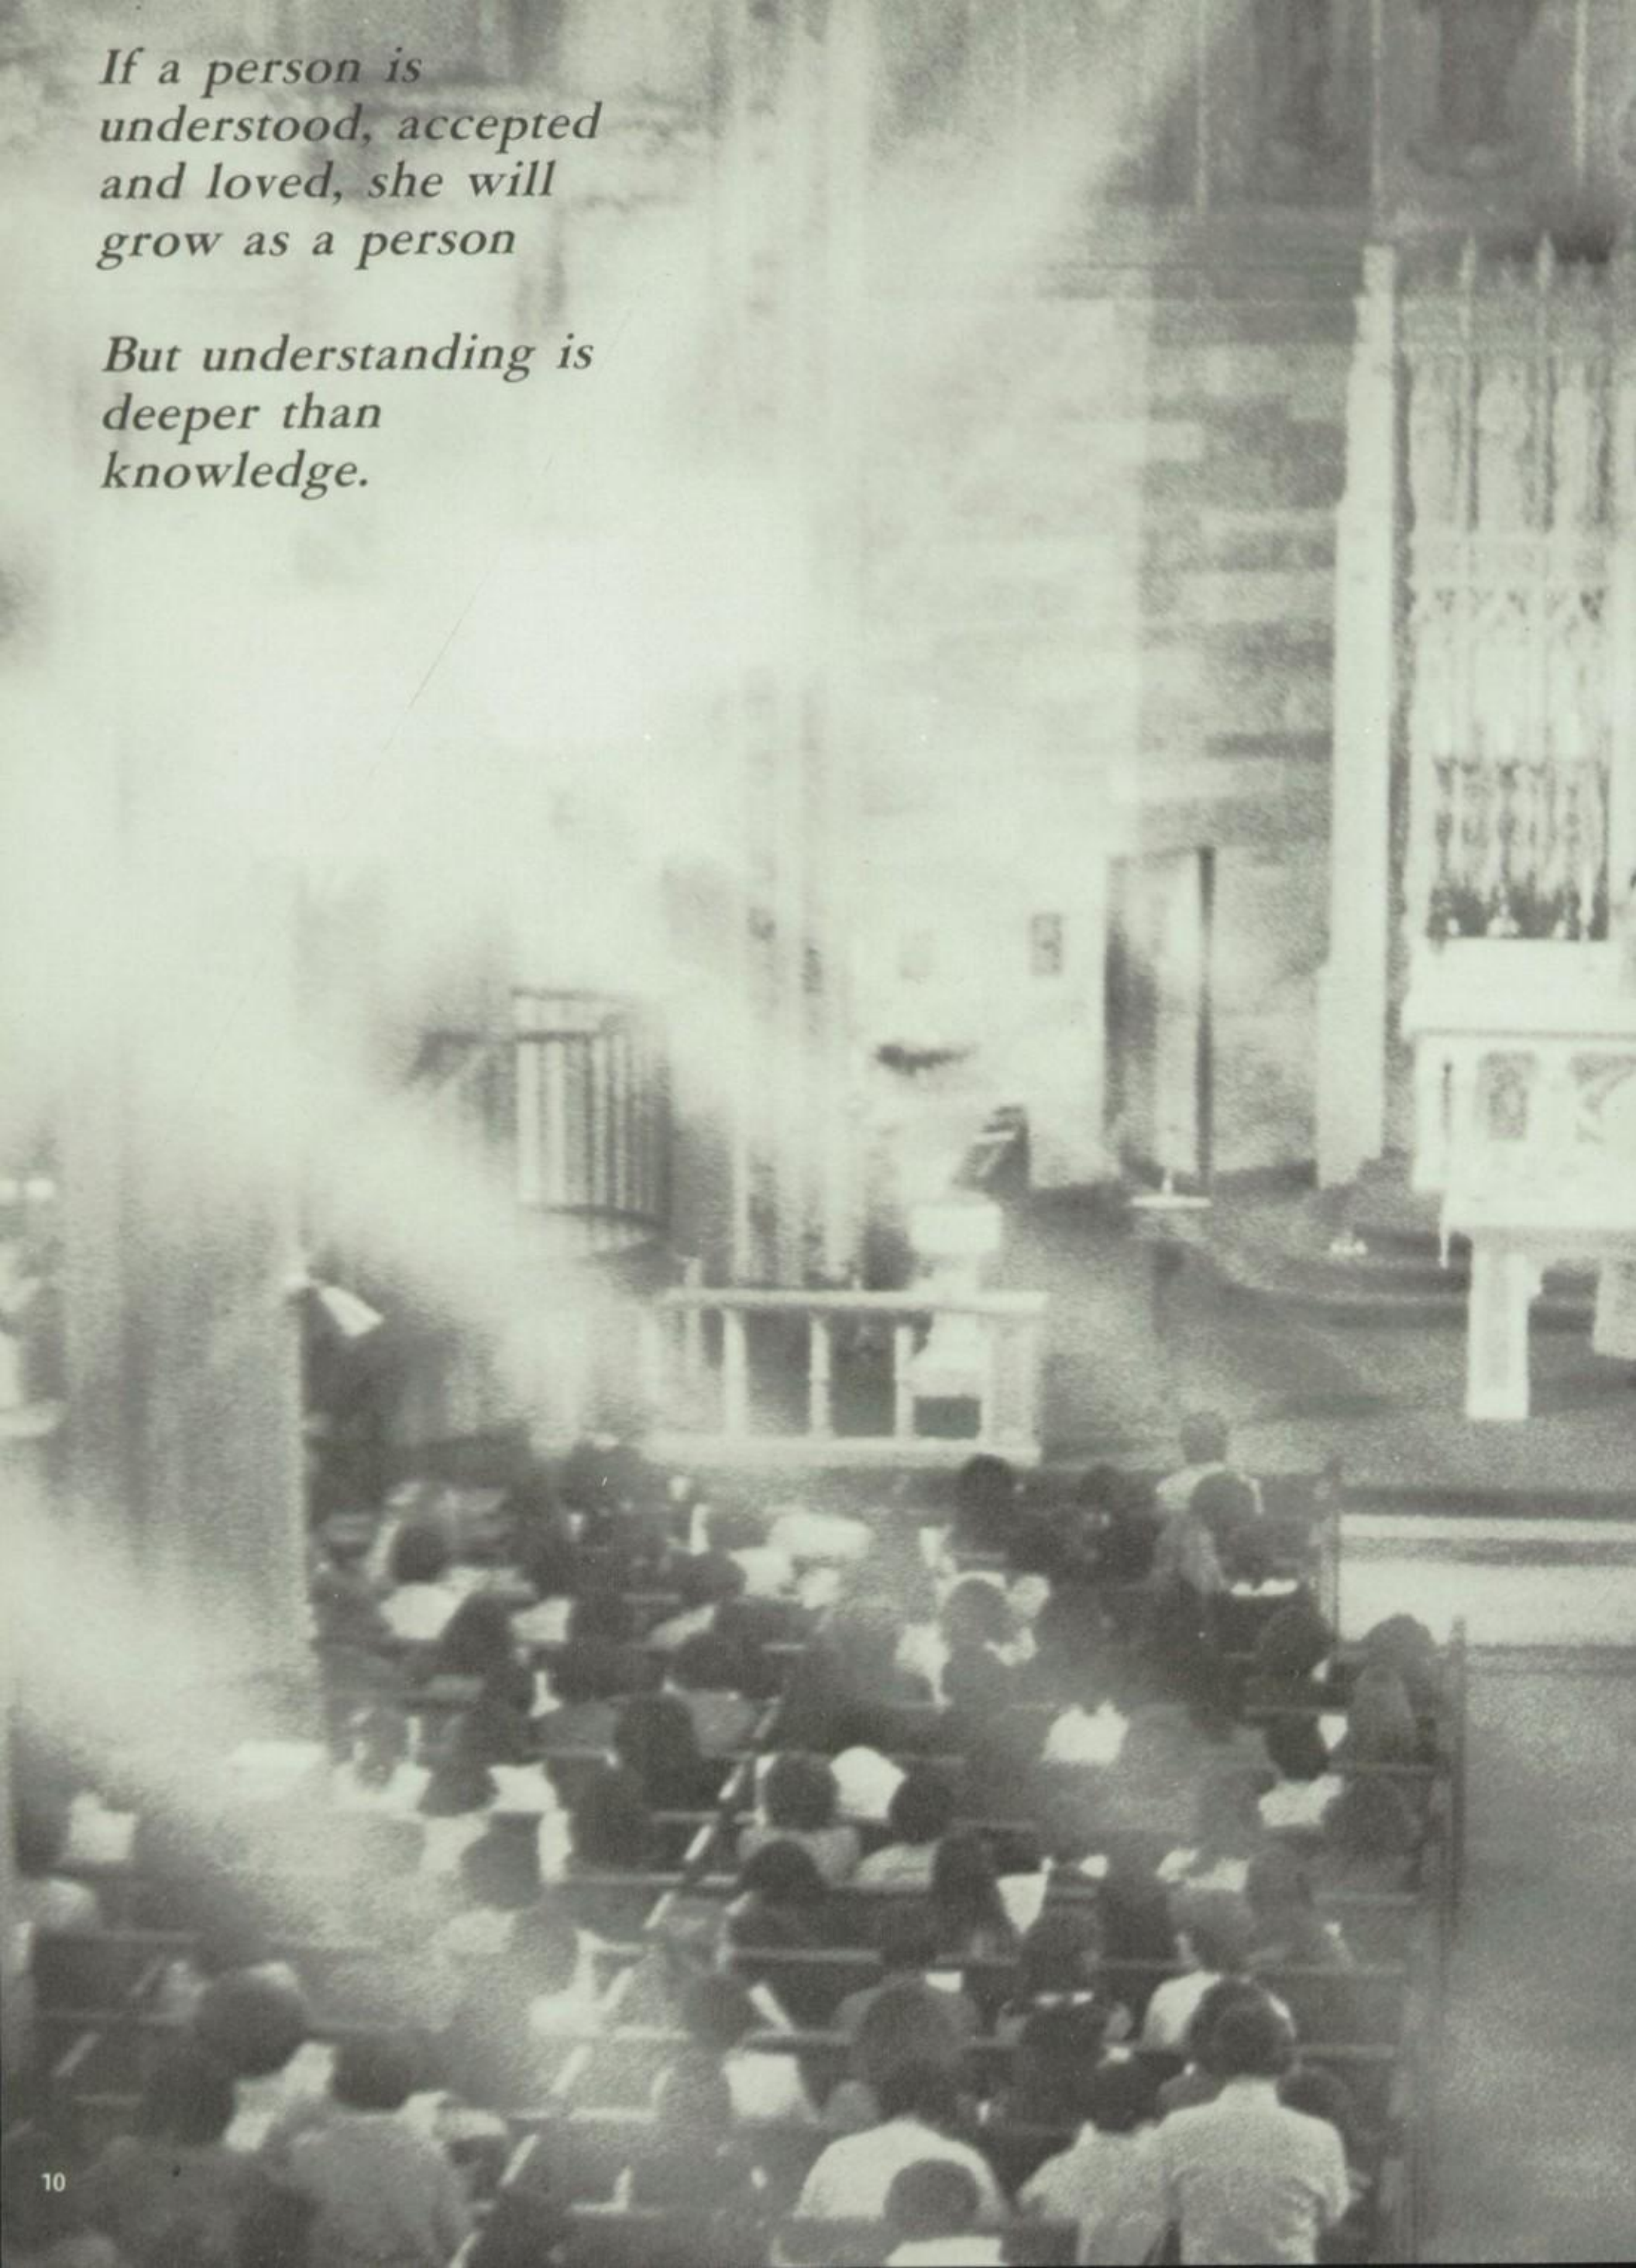
A mark of a genuine friendship is the privilege of being yourself and still being accepted.

A true friendship always tells us that we are acceptable and accepted. This we all need to know.

We have a need to be accepted not for any special quality, not for any grand achievement but simply for ourselves.

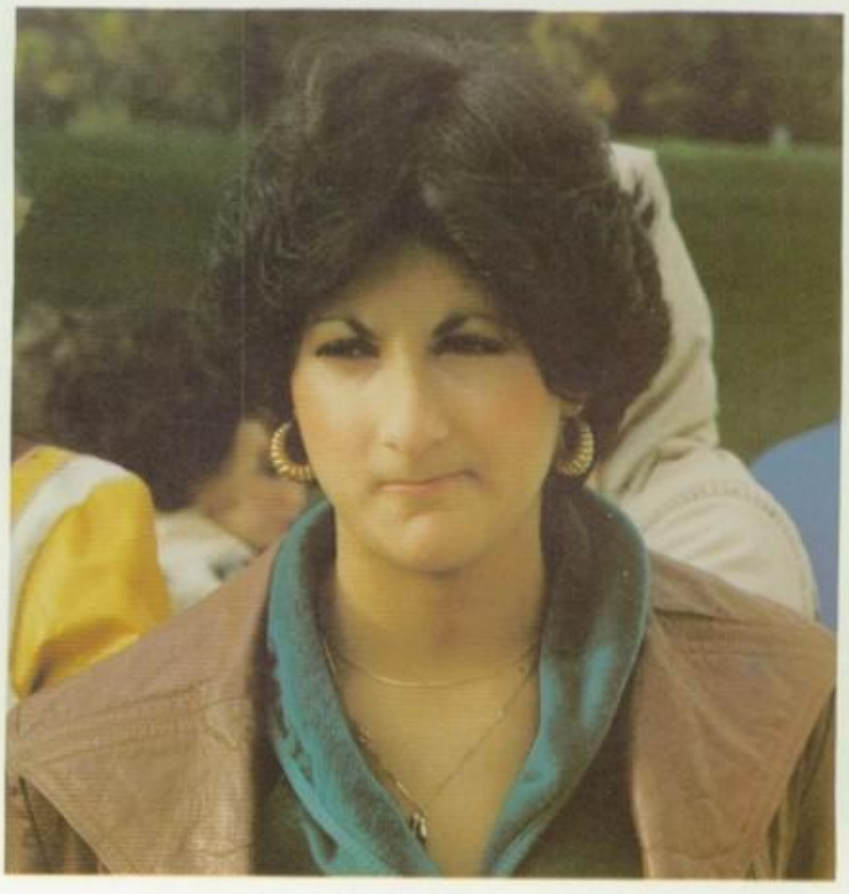
If a person is understood, accepted and loved, she will grow as a person

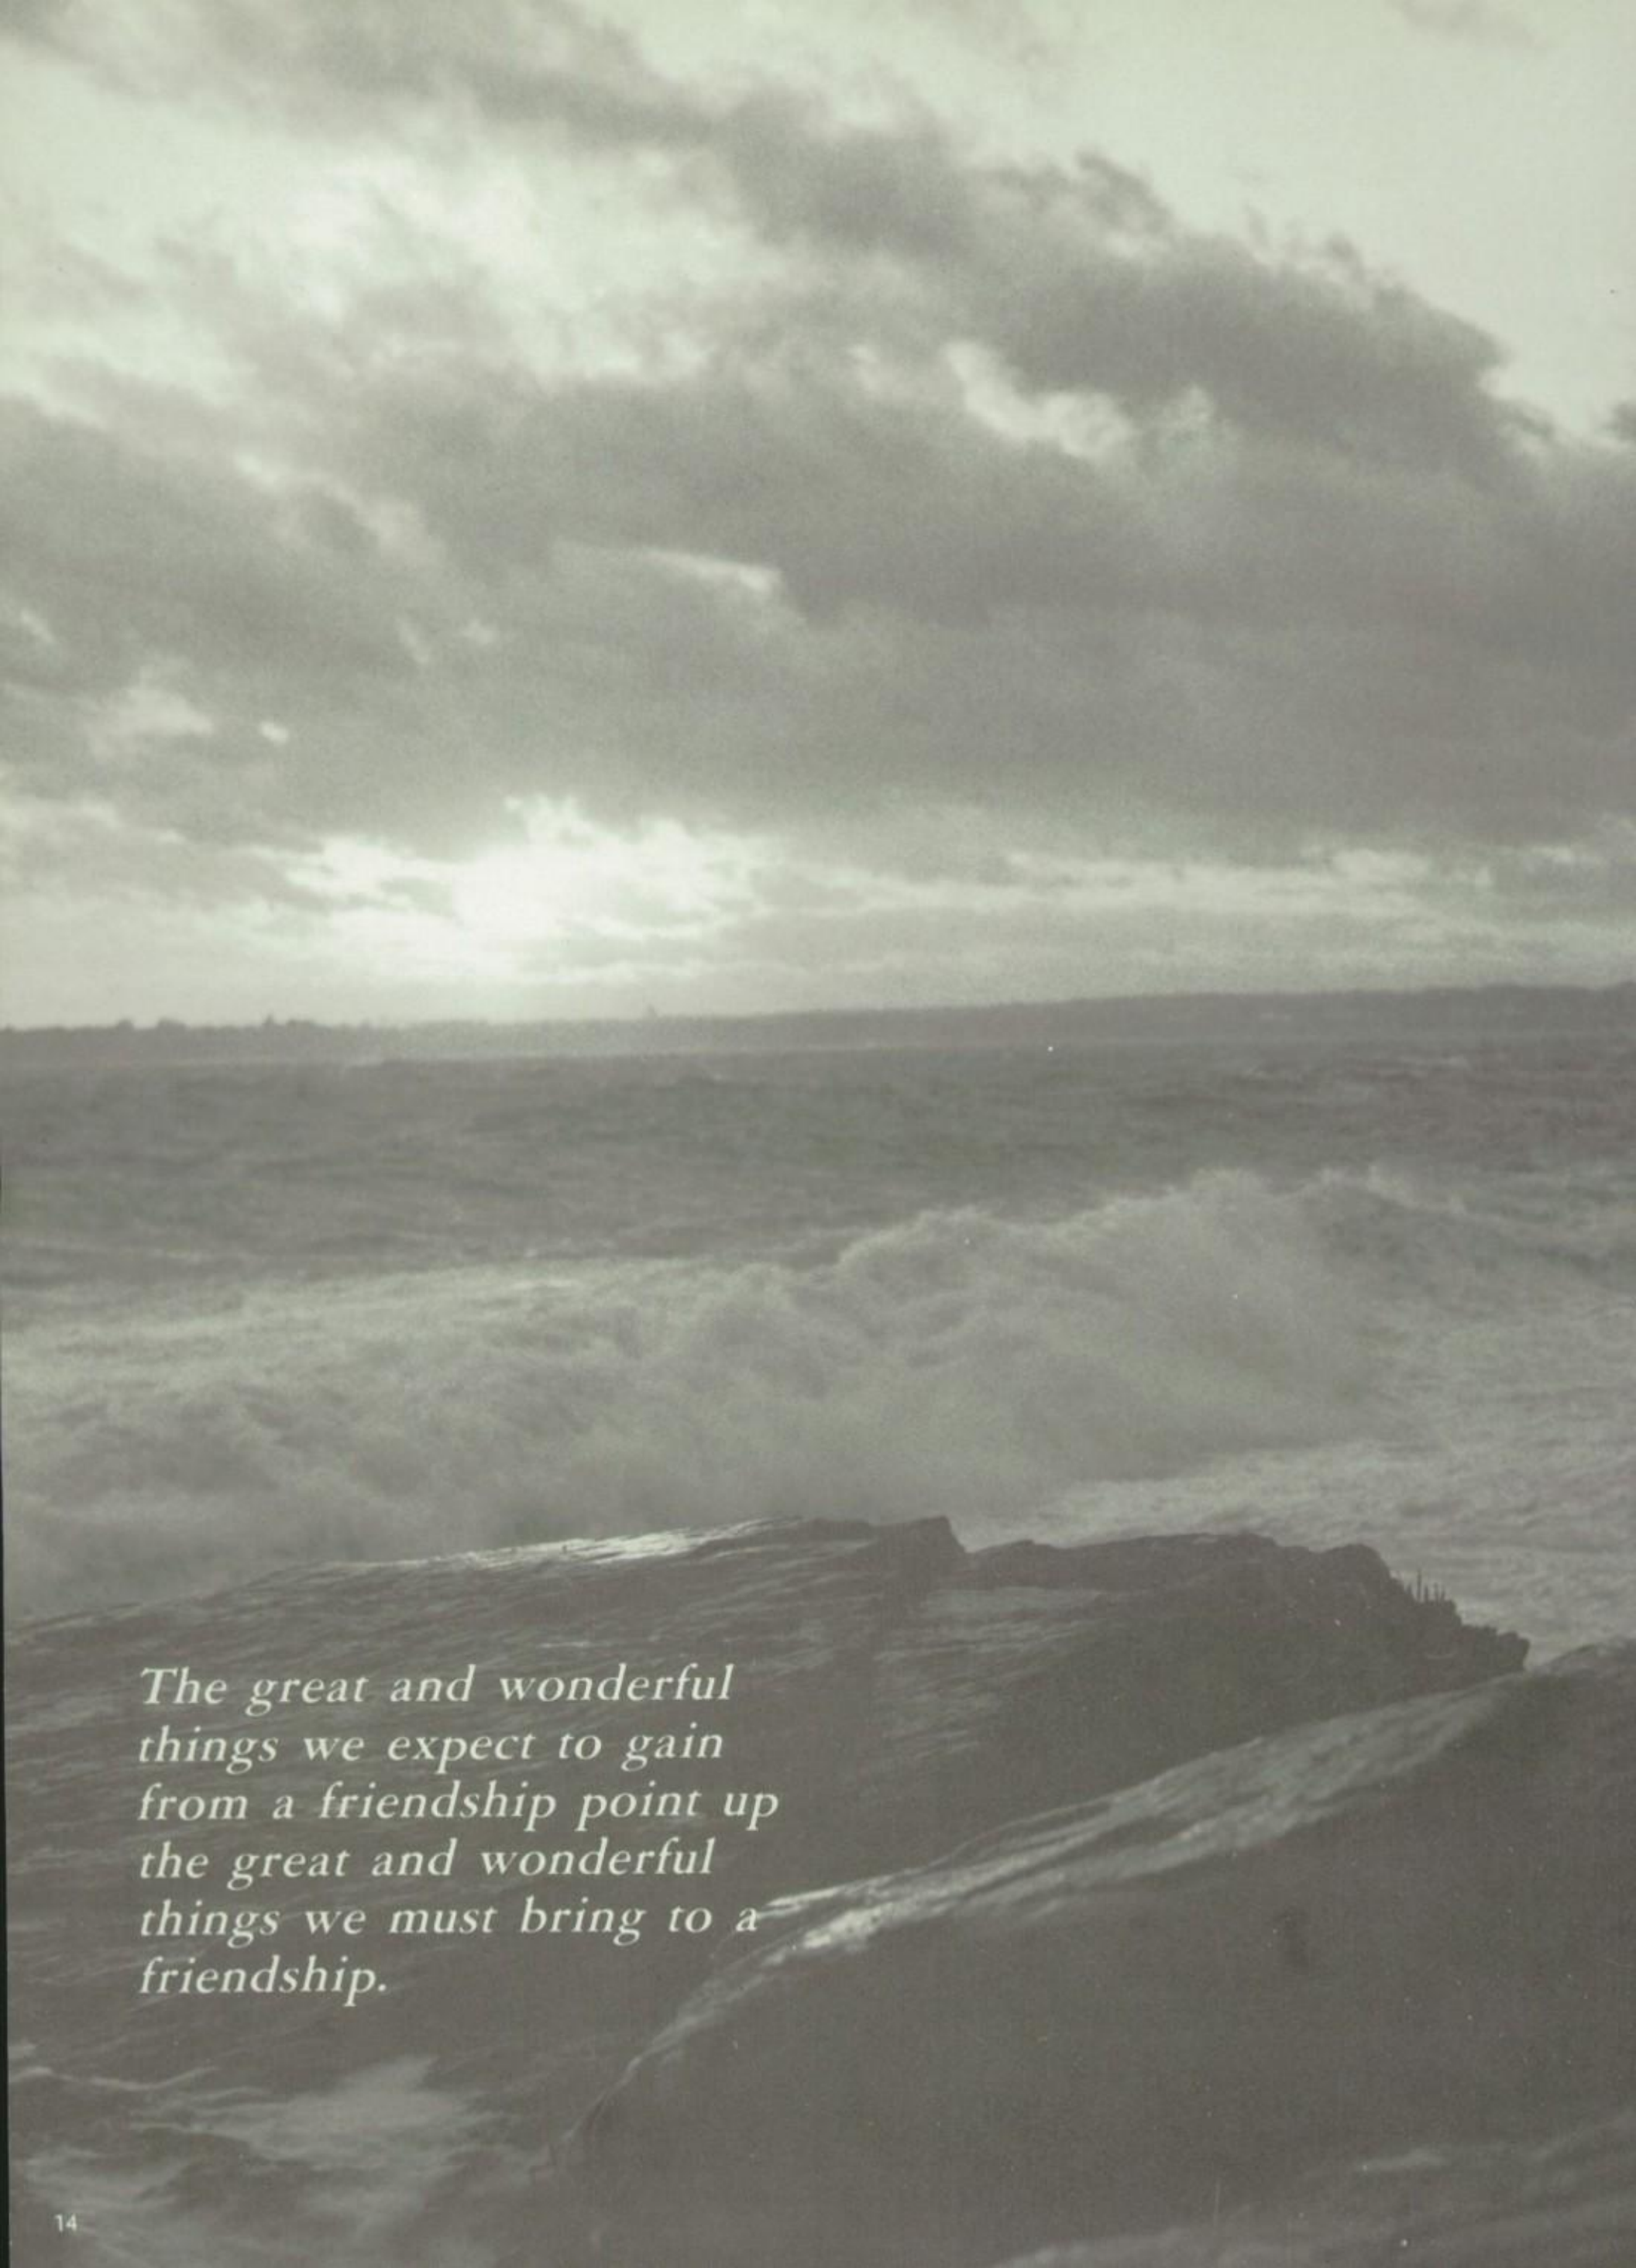
But understanding is deeper than knowledge.



There are many people who know us but very few who understand us.

Understanding is more of the heart than of the mind





The great and wonderful things we expect to gain from a friendship point up the great and wonderful things we must bring to a friendship.

Somehow friends
always continue to
live with us, in us,
and through us.

SENIOR CANDIDS

You've got to get up every morning with
a smile on your face
And show the world all the love in your
heart
Then people gonna treat you better
You're gonna find, yes you will
That you're beautiful as you feel
Waiting at the station with a work day
wind a-blowing
I've got nothing to do but watch the
passers-by
Mirrored in their faces I see frustration
growing
And they don't see it showing, why do I?
You've got to get up every morning with
a smile on your face
And show the world all the love in your
heart
Then people gonna treat you better
You're gonna find, yes you will
That you're beautiful as you feel

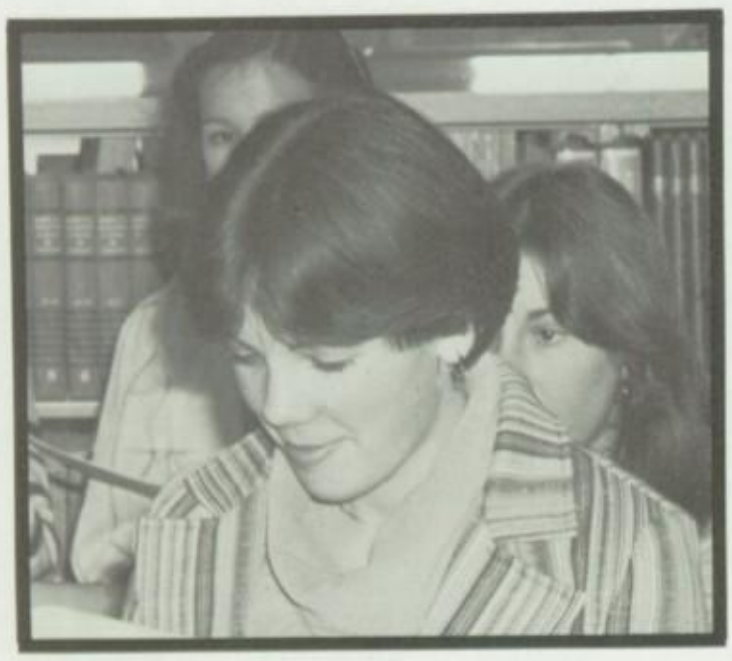
RING DAY



Knowing you means many things to me . . .
It means knowing I have someone to rely on, convide in and trust.
It means knowing I have someone who'll share in my laughter, my thoughts and even my tears . . .
But mostly it means that I always have something to be happy about.
Because as long as I know there are people like you, the world looks a whole lot better to me.

Gratitude is one of those things that cannot be bought. It must be born with men, or else all the obligations in the world will not create it. A real sense of a kind thing is a gift of nature, and never was, nor can be acquired.
